Dear celiac_jc@comcast.net:

Thank you for your interest in Brach's and for contacting us about the gluten free status of our Brach's candy products. For your information, we do not consider any of our products gluten free at the present time. Please be advised that we do plan to undertake a project to determine the gluten status of each and every one of our products.

Thanks again for contacting us.

Yours truly,

Marybeth Chaltin (marybeth.chaltin@brachs.com)
